

Access your solar energy system **anytime, anywhere.**

It's a powerful advantage...the ability to see the electricity you produce and consume. To **monitor and control** your renewable energy system with the touch of a button **from any internet connected device**—anywhere in the world. **Real-time status and hands-on control** of your power flow and energy storage. Track individual system performance or manage a network of dispersed systems. **OpticsRE from OutBack Power.**

## OutBack OpticsRE Features:

- See your energy use and production
- Access your system from any internet connected device
- Remote control access of your system
- Easily verify system performance and health
- Smart grid ready
- Simple insight into complex data via historical graphs
- Notifications and alerts sent via email
- Protect your solar energy investment
- Save up to 30% on energy bills
- Stay connected with your green lifestyle
